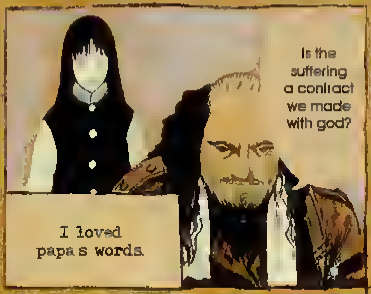
It s important from 35 to 42

The collapse is only a question of time
Will we be forgiven?



Is the suffering a contract we made with god?
I loved papa s words

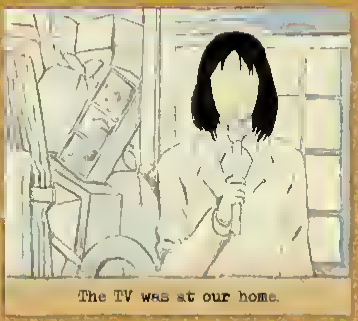
Can this world be saved?
Can this world be saved?

When the weather was nice he often talked in an unknown language and looked at the sky

Ooah!
Are you here Natsuki?
Papa
Natsuki Ayase
You will find many new friends at school
You don't need to worry
It smells
Yes
Do you only have this school-bag?
Where are your belong-ings?
VOMM

Finally!
Yes, finally!
Yes, so glad
I'm glad
Blah Blah
Blah Blah

The police came several times



The TV was at our home.

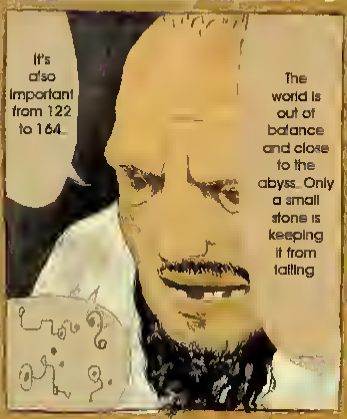
This garbage dump will finally be knocked down

Everyone throws away, papa collects How can a world producing garbage treat our house as a garbage dump?



It's also important from 122 to 164...
The world is out of balance and close to the abyss... Only a small stone is keeping it from falling

The world is going to collapse!
The small stone
THE END
